

Karsten Elm-Heintz (Teknik- og materialemedarbejder)

Karsten varetager sportsafdelingens tekniske opgaver i forbindelse med afholdelse af stævner og mesterskaber, herunder koordinering af det frivillige arbejde i el-tids-teamet, samt drift og vedligeholdelse af dansk svømmeunions materiel til svømmestævner og åbent vand stævner. Karsten er ansvarlig for udvikling af dansk svømmesports softwareprogrammer til svømmestævner i samarbejde med blandt andet stævnekoordinatorer, og er behjælpelig med rådgivning i stævneafholdelse- og faciliteter.

Karsten Elm-Heintz (Technical and Equipment Assistant)

Karsten performs the Sports Department's technical duties in connection with the organisation of competitions and championships, including coordination of the voluntary work in the hp-time squad, as well as operation and upkeep of the Danish Swimming Federation's equipment for swimming competitions and open water competitions. Karsten is responsible for development of the Danish swimming sport's software programs for swimming competitions in collaboration with, among others, competition coordinators, and he assists in providing advice on competition organisation and facilities.
